SuccessFactors LMS

Mobile APP - LMS

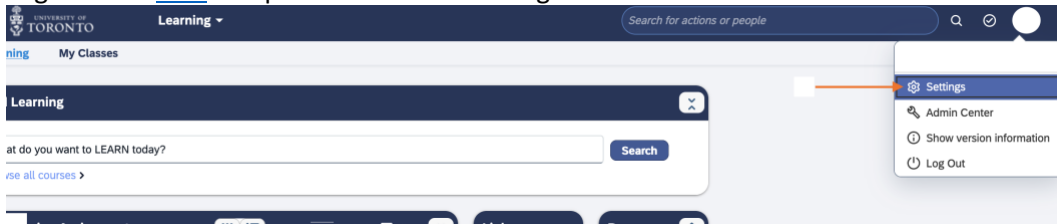

2.1 - Job Aid

This job aid allows learners to interact with their LMS using any mobile devices

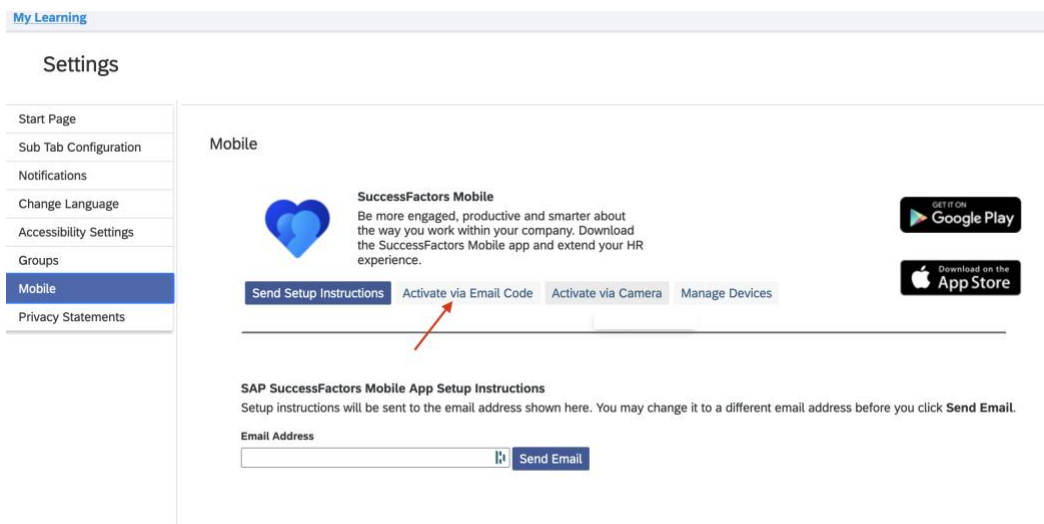

Please follow instructions below to install the mobile LMS app on your device.

Step 1

- 1) Download and install the application from <https://www.successfactors.com/mobile>. Current support includes iOS and android.
- 2) Log into the [LMS](#) and proceed to the Learning tile.

- 3) Click on **settings – mobile** – and select **activate via email code**.
- 4) Open the email on your **mobile device** and follow the instructions.

- 5) Once logged into the mobile SuccessFactors app, you will be able to register, withdraw and complete virtual self-paced sessions. However, we do recommend a desktop or laptop for completing virtual sessions as some self-paced sessions may not scale properly on smaller screens.
- 6) Questions, please email lms.help@utoronto.ca
