Adding LinkedIn Learning Completions To SuccessFactors LMS Learning History

5.2 - Job Aid

This job aid allows users to record their LinkedIn Learning completions to the LMS Learning History

Please follow the instructions below to add a pdf listing of all LinkedIn Learning completions to your SuccessFactors LMS Learning History. Due to annual license renewals that reset registrations, and to maintain and prevent records of completion from getting inadvertently purged, please follow these steps below to save your learning history /certificates to the LMS.

Downloading LinkedIn Learning History

Step 1 - Log into your LinkedIn Learning profile at this [link](#)

Step 2 - Navigate to the **My Learning** tab and then then under the left menu: **My Library**, locate **Learning history** that will highlight all your completed courses.

The screenshot shows the LinkedIn Learning interface. At the top, there are two tabs: 'My Library' (selected) and 'My Goals'. On the left side, there is a navigation menu with the following items: 'In Progress (13)', 'Saved (6)', 'My Collections (4)', 'Assigned by University of Toronto', 'Recommended by University of Toronto (4)', and 'Learning History'. A red arrow points to the 'Learning History' item. The main content area displays three learning paths:

- Improve Your Tableau Skills**: A learning path by LinkedIn, completed in April 2019, with a duration of 15 hours. The thumbnail shows a person holding a clipboard next to a bar chart.
- Become a Project Manager**: A learning path by LinkedIn, completed in July 2019, with a duration of 12 hours. The thumbnail shows a woman looking at a laptop screen.
- Improve Your Microsoft Excel Skills**: A learning path by LinkedIn, completed in April 2019, with a duration of 18 hours. The thumbnail shows a person running on a path with a bar chart in the background.

Step 3 – Depending on your browser and your Operating System, select **CTRL+P (PC)** and **CMD+P (MAC)** to print – and select **save to pdf**. The print function will print all pages directly to the pdf as **one file**. You can download and save your certificates if you wish. Save the file with your first and last name to your desktop (or other preferred location).

Optional: you can download all completed certificates of your courses and merge them into one pdf file and add as a secondary attachment in addition to the course completion report. Merging can be done for free at this link <https://www.adobe.com/ca/acrobat/online/merge-pdf.html>
